Affinity maps, for analyzing system problems, 12:44
Aid-in-dying, mediation as response to aid-in-dying and the Supreme Court decision, 1:54
Apology, new politics of, 2:3
Arizona, nursing workforce development and integration in, 10:4

B

Books, www.MEDBOOKSTORE.com, 11:53

C

Careers. *See* **Nursing careers**
Case management, inpatient, effectiveness of, 4:36
Casual staff, contracting, 1:11
Child abuse, the nursing administrator's role in implementing prevention program for, 6:43
Clinical delegation and nursing roles: a CD-ROM review, 9:3
Colleagues in Caring, 3:4
Colorado Consortium for Nursing Work Force Development, 12:7
Communication
- interdisciplinary collaboration and discharge planning communication for elders, 9:37
- organization-wide approach for an effective communication system, 3:28, 4:27

Community collaboration, nursing administrator's role in implementing a child abuse prevention program and, 6:43
Compensation, differentiated pay structure model for, 5:28
Consultation, 3:44
Contracts, factors leading to a strike vote and strategies for reestablishing relationships and, 2:35
Costs
- reducing aggregate care team costs through optimal patient placement, 10:48
- work complexity assessment
- to address cost and culture issues, 1:46
- notes from the field, 7/8:39

Critical care, measuring and evaluating hospital restructuring efforts, 9:21, 10:13
Critical paths, combining "best practice" and the quantitative approach for developing, 7/8:21
Culture
- a cultural transformation model for nursing, 4:31
- subtle and not-so-subtle insensitivity to ethnic diversity, 12:11
- transcultural perspectives in nursing administration, 11:30

D

Dementia, facilitating change in dementia care, 5:17
Disaster plans, 6:25
Discharge
- comprehensive model of facilitators and barriers to, 3:48
- interdisciplinary collaboration and discharge planning communication for elders, 9:37

Diversity, insensitivity to, 12:11

E

Education
- changing educational needs of midlevel nurse administrators, 4:13
- demise of nursing administration graduate programs, 7/8:14
- developing patient and family education services, 2:11
- influence on risk propensity in nurse managers, 12:22
- Professional Transitions Workshop, 1:25
- quality and standards for accreditation of continuing nursing education, 12:15
- research nurse intern program as model for research dissemination and utilization, 11:39
- teaching by parable, 12:3
- trends in MSN/MBA and MSN in nursing administration, 4:57
- in 21st century?, 1:15

Elders, interdisciplinary collaboration and discharge planning communication for, 9:37
Emergency department
- managed care's impact on workload of, 11:3
- productivity improvement through management-staff partnership, 7/8:27

Ethics
- exchange of money alter and nature of an ethics consultation, 10:8
- hospital ethics committees and nurses' participation, 9:47
- managed care and professional integrity and, 3:7

Evidence-based practice, role of nursing leadership and, 7/8:45

F

Family education, developing, 2:11

H

Harassment, in workplace, 3:10
Hawaii, regional collaborative in, 9:8
Healthcare delivery
- effects of implementing patient-centered care models on nurse and non-nurse managers, 11:46
- influence of education and personality on risk propensity in nurse managers, 12:22
- Ladders in Nursing Careers, 2:19
- nurse practitioners and, 4:3
- performance improvement with patient service providers, 1:31
- planning an integrated population-based program, 10:40

Healthcare reform, in Puerto Rico, 2:44
Healthcare teams
- danger of taking "interdisciplinary" to the extreme, 4:10
- interdisciplinary collaboration and discharge planning communication for elders, 9:37
- SDM95—reducing aggregate care team costs through optimal patient placement, 10:48
- synergistic, 4:17

Hong Kong, nurse executive role in Hong Kong's transforming healthcare environment, 2:7
Hospitals
- changing nature of organizational commitment in the acute care environment: implications for nursing leadership, 6:32
- contracting casual nursing services, 1:11
- effectiveness of inpatient case management, 4:36
- employment of nursing personnel, 3:20
- ethics committees and nurses' participation, 9:47
- measuring and evaluating restructuring efforts of, 10:13
- organization-wide approach for an effective communication system, 3:28
- planning an integrated population-based program, 10:40
- prevalence and patterns of physical restraint use in, 11:19
- sources of satisfaction in hospital nursing practice, 5:47
- system integration in, 2:28

I

In my opinion
- caution: the danger of taking "interdisciplinary" to the extreme, 4:10
- the demise of nursing administration graduate programs, 7/8:14
- quality and standards for accreditation of continuing nursing education, 12:15

International perspectives
- the nurse executive role in Hong Kong's transforming healthcare environment, 2:7
- nursing management and healthcare in Slovenia, 1:8

K

Kansas City, reformulating nursing in, 4:4

L

Ladders in Nursing Careers, 2:19
Leadership
- changing nature of organizational commitment in the acute care environment: implications for nursing leadership, 6:32
- evidence-based practice and the role of nursing leadership, 7/8:45
- how nurses become leaders: perceptions and beliefs about leadership development, 9:15
- nurse executives' leadership roles: perceptions of incumbents and influential colleagues, 6:17

nursing administrators and clinical information systems, 11:24
transformational leadership: a strategy for organizational change, 10:3
Legal insights
creating value for patients, 6:7
physician contracts: business and legal challenges, 12:4
Legal issues, mediation: a response to aid-in-dying and the Supreme Court decision, 1:54
Long-term care
improving certified nurse aide retention in, 3:56
visibility of organizational culture in a long-term care facility, 4:7

M
Managed care
data-driven quality improvement for HMO patients: one agency's experience with OASIS and OBQI, 10:20
healthcare reform in Puerto Rico, 2:44
impact on emergency department workload, 11:3
nursing workforce development and integration in Arizona's managed-care environment, 10:4
nursing work redesign in response to, 11:9
professional integrity and ethics and, 3:7
typology of women nurse executives in, 5:13
Management case studies
contracting casual nursing services: the issues are more than "how to deliver nursing care," 1:11
harassment in the workplace, 3:10
I think they're doing research on my patients, but I can't get anyone to listen, 10:9
subtle and not-so-subtle insensitivity to ethnic diversity, 12:11
the termination package that just didn't register, 9:5
Managerial partnerships, 4:47
Maryland nursing work force collaborative, 1:5
Mentorships
attributes of successful nurse executives: survey of nurses and their mentors, 7/8:10
mentoring a novice chief nurse executive, 9:12
Minnesota Colleagues in Caring collaborative, 11:5
Mississippi, regional collaborative in, 7/8:7

N
Nurse aides, improving certified nurse aide retention in long-term care, 3:56
Nurse practitioners, as growing solution in healthcare delivery, 4:3
Nursing careers
career ladder based on Benner's model: an analysis of expected outcomes, 3:13
clinical advancement program and, 10:33
hospital employment of nursing personnel, 3:20
Ladders in Nursing Careers and, 2:19
nurse executives' leadership roles: perceptions of incumbents and influential colleagues, 6:17
organizational redesign: changing educational needs of midlevel nurse administrators, 4:13
Professional Transitions Workshop and, 1:25
sources of satisfaction in hospital nursing practice: a guide to effective job design, 5:47
work transitions, 2:50
Nursing practice models, implications for information system design, 10:26

P
Patient classification systems, design and implementation for rehabilitation nursing, 3:35
Patient education, developing patient and family education services, 2:11
Patient-focused care delivery, performance improvement with patient service providers, 1:31
Patient outcomes, improving the ability to detect the impact of labor on, 12:17
Performance appraisal
analysis of performance measures: a veterans home case study, 12:28
applying to nursing service, 3:3
rating nursing performance based on behaviors, 1:39
Physicians
nurse-physician relationship and, 7/8:17
physician contracts: business and legal challenges of, 12:4
Productivity, of emergency department, improvement through management-staff partnership, 7/8:27
Professionalism, managed care, professional integrity, and ethics, 3:7
Professional Transitions Workshop, 1:25
Public health nursing, relationship of job satisfaction with organizational variables in, 5:39
Puerto Rico, healthcare reform in, 2:44

Q
Quality of care
adverse patient occurrences as a measure of, 5:62
data-driven quality improvement for HMO patients: one agency's experience with OASIS and OBQI, 10:20
developing nursing outcomes measurement tool, 6:10

R
Regional collaboratives
collaboration Mississippi style!, 7/8:7
Colleagues in Caring: the South Dakota experience, 3:4
Colorado Consortium for Nursing Work Force Development: moving from chaos to collaboration, 12:7
covered lives and seamless seams: nursing workforce development and integration in Arizona's managed-care environment, 10:4
creating statewide partnerships: the South Carolina experience, 2:4
Maryland nursing work force collaborative, 1:5
Minnesota Colleagues in Caring Collaborative, 11:5
North Central West Virginia Nursing Workforce Network, 6:4
reformulating nursing in Kansas City, 4:4
the road to Hana, 9:8
Registered nurses
influence of structure, staff type, and managed-care indicators on registered nurse staffing, 9:28
rating nursing performance based on behaviors, 1:39
Rehabilitation, design and implementation of a patient classification system for rehabilitation nursing, 3:35
Relationship diagrams, as problem-solving tools for analyzing system problems, 12:44
Research
committee, 1:3
in nursing administration, 5:5
on patients, 10:9
research nurse intern program as model for research dissemination and utilization, 11:39
Research priorities, nursing administration research priorities: a national Delphi study, 5:7
Restraints
prevalence and patterns of physical restraint use in the acute care setting, 11:19
reduction of, 7/8:32
Review of the literature
a career ladder based on Benner's model: an analysis of expected outcomes, 3:13
nursing work redesign in response to managed care, 11:9
Risk, influence of education and personality on risk propensity in nurse managers, 12:22

S

Slovenia, nursing management and healthcare in, 1:8

South Carolina, regional collaborative in, 2:4

South Dakota, Colleagues in Caring in, 3:4

Spotlight on
- attributes of successful nurse executives: survey of nurses and their mentors, 7/8:10
- bioethics as commodity: does the exchange of money alter the nature of an ethics consultation?, 10:8
- mentoring a novice chief nurse executive, 9:12
- the new politics of apology, 2:3
- a typology of women nurse executives on the managed care battlefield, 5:13
- the visibility of organizational culture in a long-term care facility, 4:7

Staffing
- contracting casual nursing services, 1:11
- impact on patient outcomes, 12:17
- improving with resource management plan, 11:25

Staff nurses
- emergency department productivity improvement through a management-staff partnership, 7/8:27
- influence of structure, staff type, and managed-care indicators on registered nurse staffing, 9:28
- understanding generation X employees, 12:36
- work complexity assessment: decision support data to address cost and culture issues, 1:46
- work complexity assessment: notes from the field, 7/8:39

Strikes
- contracting casual nursing services and, 1:11
- factors leading to a strike vote and strategies for reestablishing relationships and, 2:35

T

Telehealth in home care practice, 6:3

Terminations, 9:5

V

Value creation, 6:7

W

West Virginia, regional collaborative in, 6:4

Work complexity, assessment of
- decision support data to address cost and culture issues and, 1:46
- notes from the field and, 7/8:39

Working relationships
- factors leading to a strike vote and strategies for reestablishing relationships, 2:35
- the nurse-physician relationship: can it be saved?, 7/8:17

Workplace
- Bowen's family system as approach for nurse administrator's practice, 6:37
- harassment in, 3:10

Work transformation
- cultural transformation model for nursing, 4:31
- nursing work redesign in response to managed care, 11:9
- preparing for the "dejobbed" world of work, 7/8:3
